

NEW

Unique Carbon Design HD

We are continuously looking for new, inspiring designs. In this line we introduce a unique Carbon design. High Durable Polymer Carbon design is available in high gloss and full matt. Due to the new high definition screen technology we increased the level of detail of the EuraDecor designs significantly.

Size of pattern

We offer EuraDecor Carbon in multiple pattern sizes. This makes it perfect for outside as well as inside applications.

EuraDecor range

EuraDecor Carbon HD is part of our EuraDecor range. This range consists of nature oriented designs and more. When you supply us with a sample we can develop the pattern in any desired colour combination. Please visit www.euramax.eu to see our total range and order samples.
